[Contact us today for a free estimate on your plumbing remodel](#). We provide [plumbing services in Salt Lake City, Utah](#) and surrounding areas.

Whether you're planning to strip your kitchen, laundry room, or bathroom down to bare studs to do a custom remodel from scratch or you just want to update your fixtures, Beehive Plumbing can help. From new plumbing installations to repair or replacement of existing plumbing, we have you covered.

- **Residential Remodel:** We specialize in residential kitchen and bathroom plumbing remodel projects. No residential job is too complex or too challenging. We take pride in installing all plumbing components correctly. Not just sinks, [toilets](#), showers, bathtubs, and faucets—we also handle less common jobs, like installing body spas or running water lines to new areas of your home.
- **Bathroom Remodel:** What's your bathroom dream? Does it include a new tub? A separate shower? A walk-in shower? Matching his and hers sinks? A bidet? A urinal? Our expert installation team can make any dream a reality.
- **Kitchen Remodel:** What does your old kitchen need? A fresh, new sink? A fixture with a pull-out faucet? Appliance hook ups for a garbage disposal and dishwasher? Supply lines for a refrigerator water dispenser or ice maker? We've done all that, and more.
- **Laundry Room Remodel:** Does your laundry room need new hookups for a washer and dryer? Maybe a new drain? Or a utility sink? We can help.
- **Commercial Remodeling:** We also provide [commercial remodeling plumbing services](#). Need a new three-sink installation for your restaurant? Or maybe you'd like to convert an old grocery store into a laundromat?

No matter what plans you have for remodeling your business, we can perform your plumbing installations and services.
